

# My Coronavirus Story

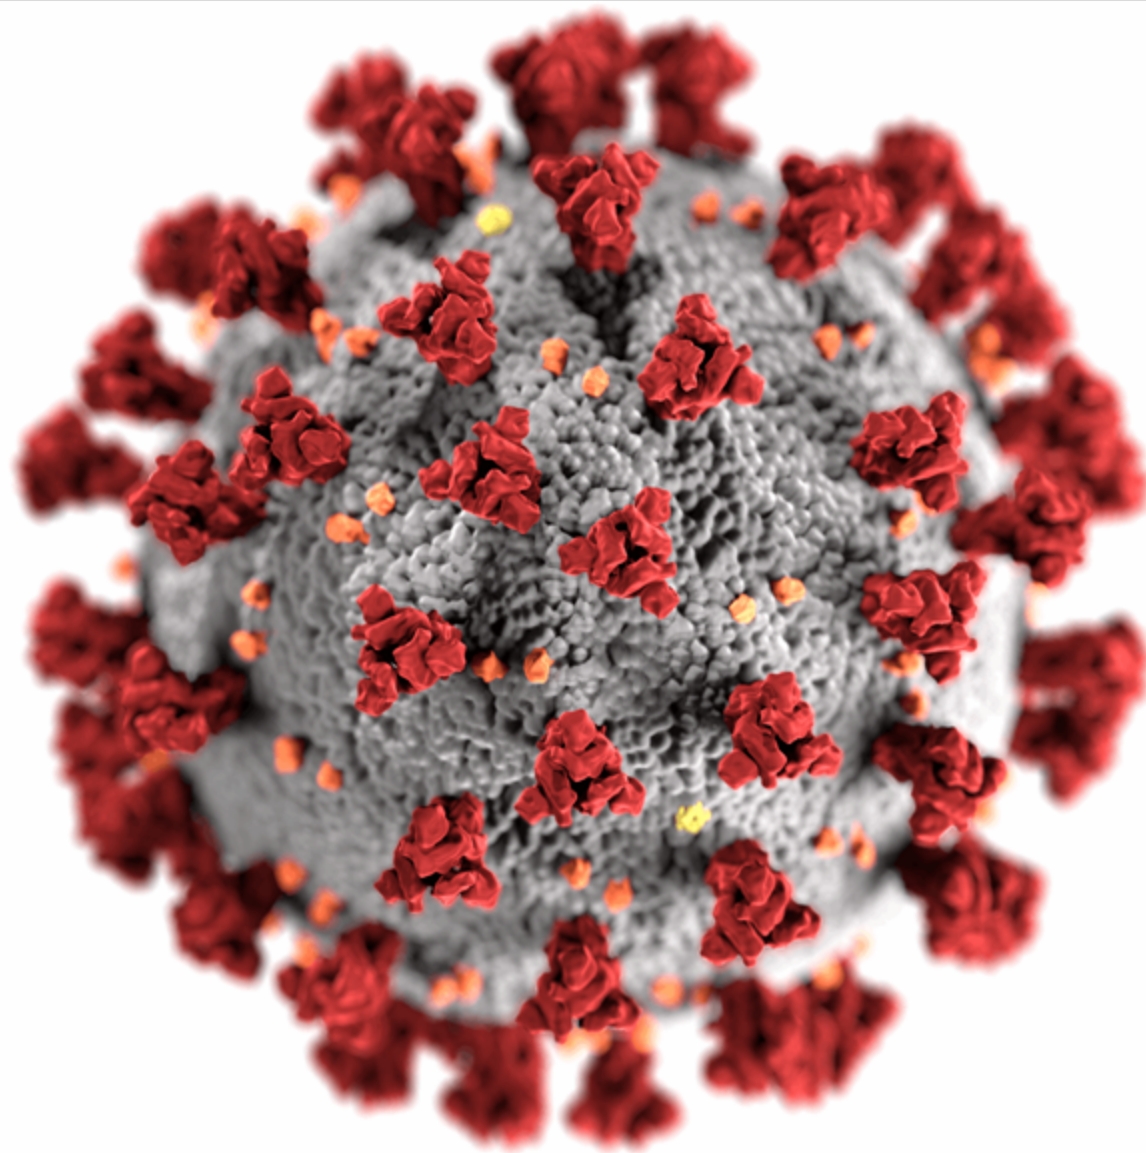

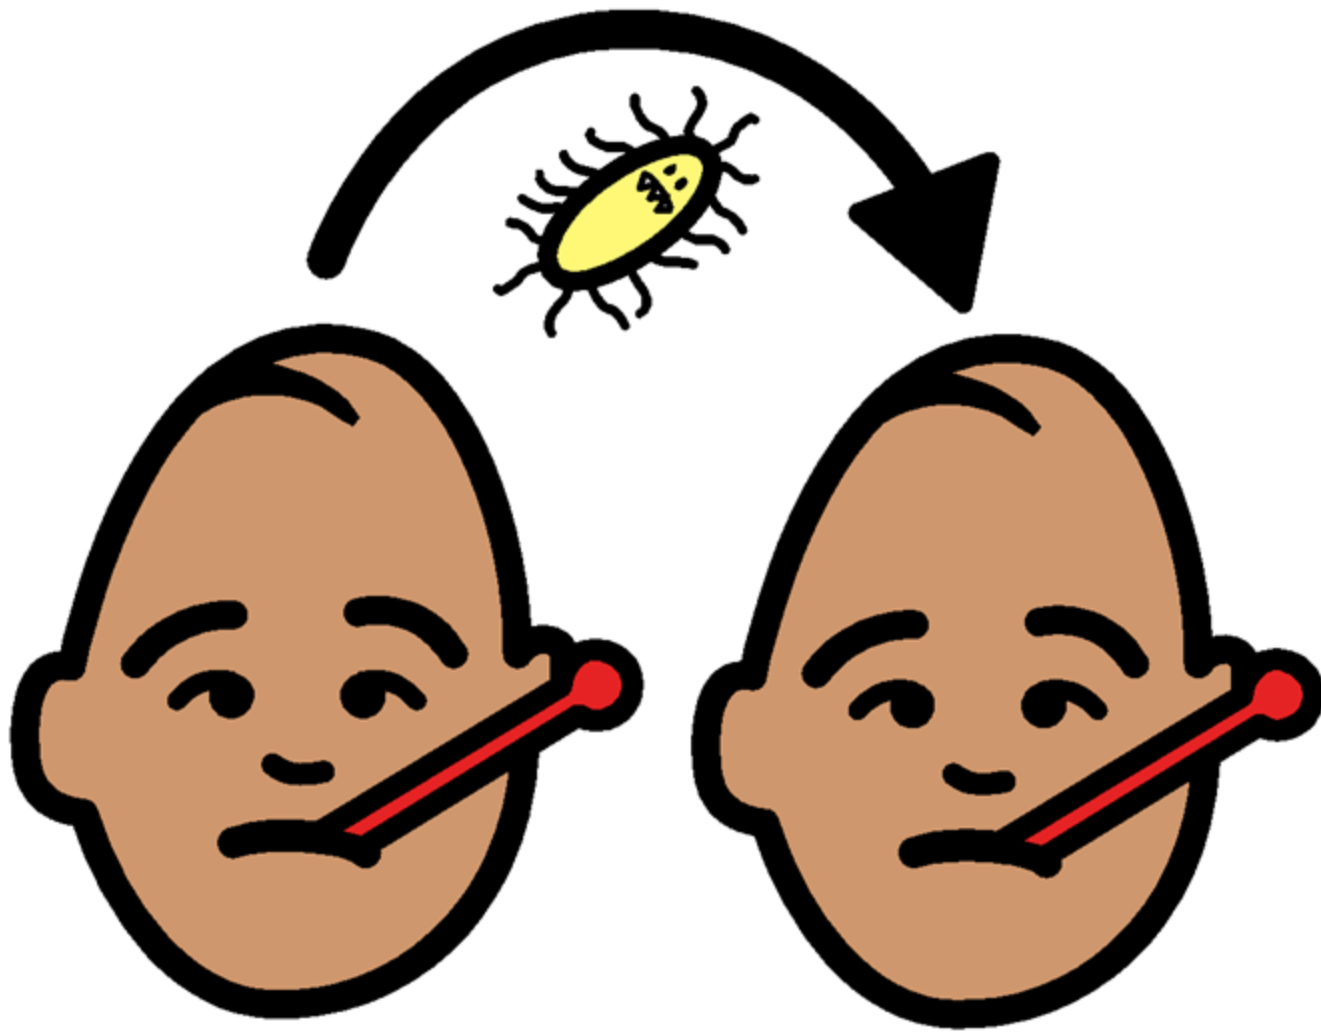

**Sometimes people get sick.**

**When someone gets sick, it is because of germs. Germs are tiny things that live all around us.**

**There is a new sickness called the Coronavirus.**

**The Coronavirus germs spread VERY easily.**

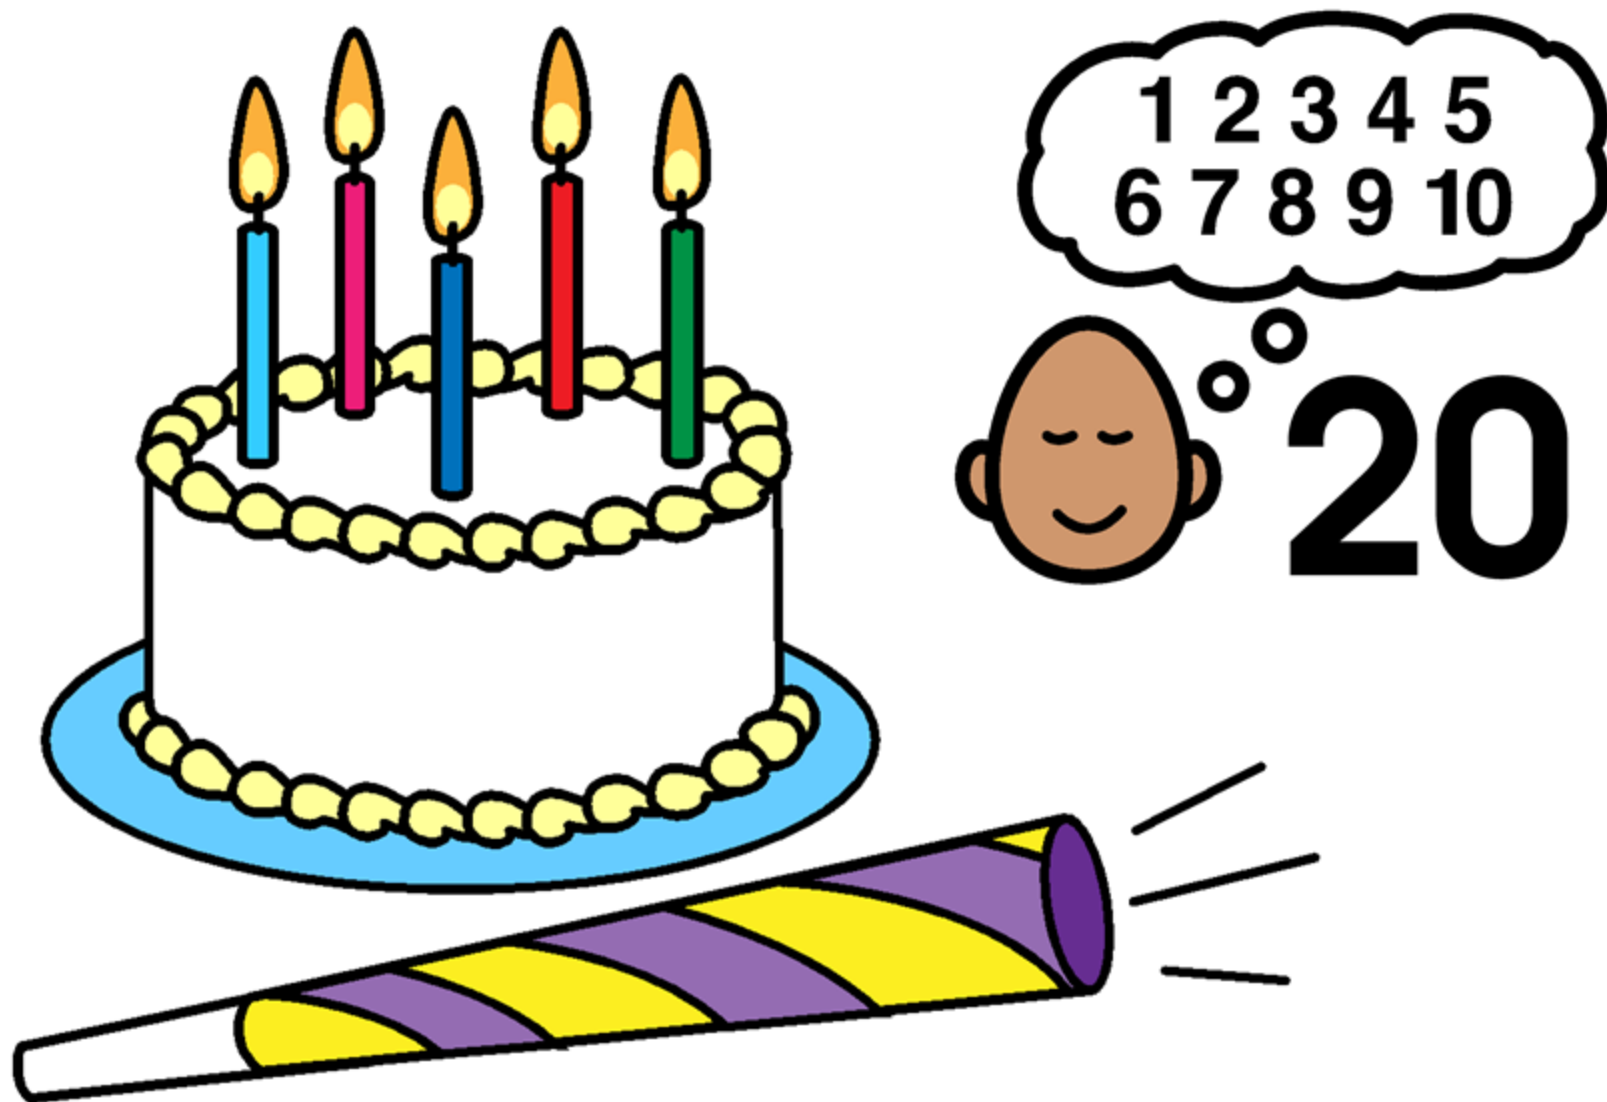

**If a bad germ sticks on me, I can get sick.**

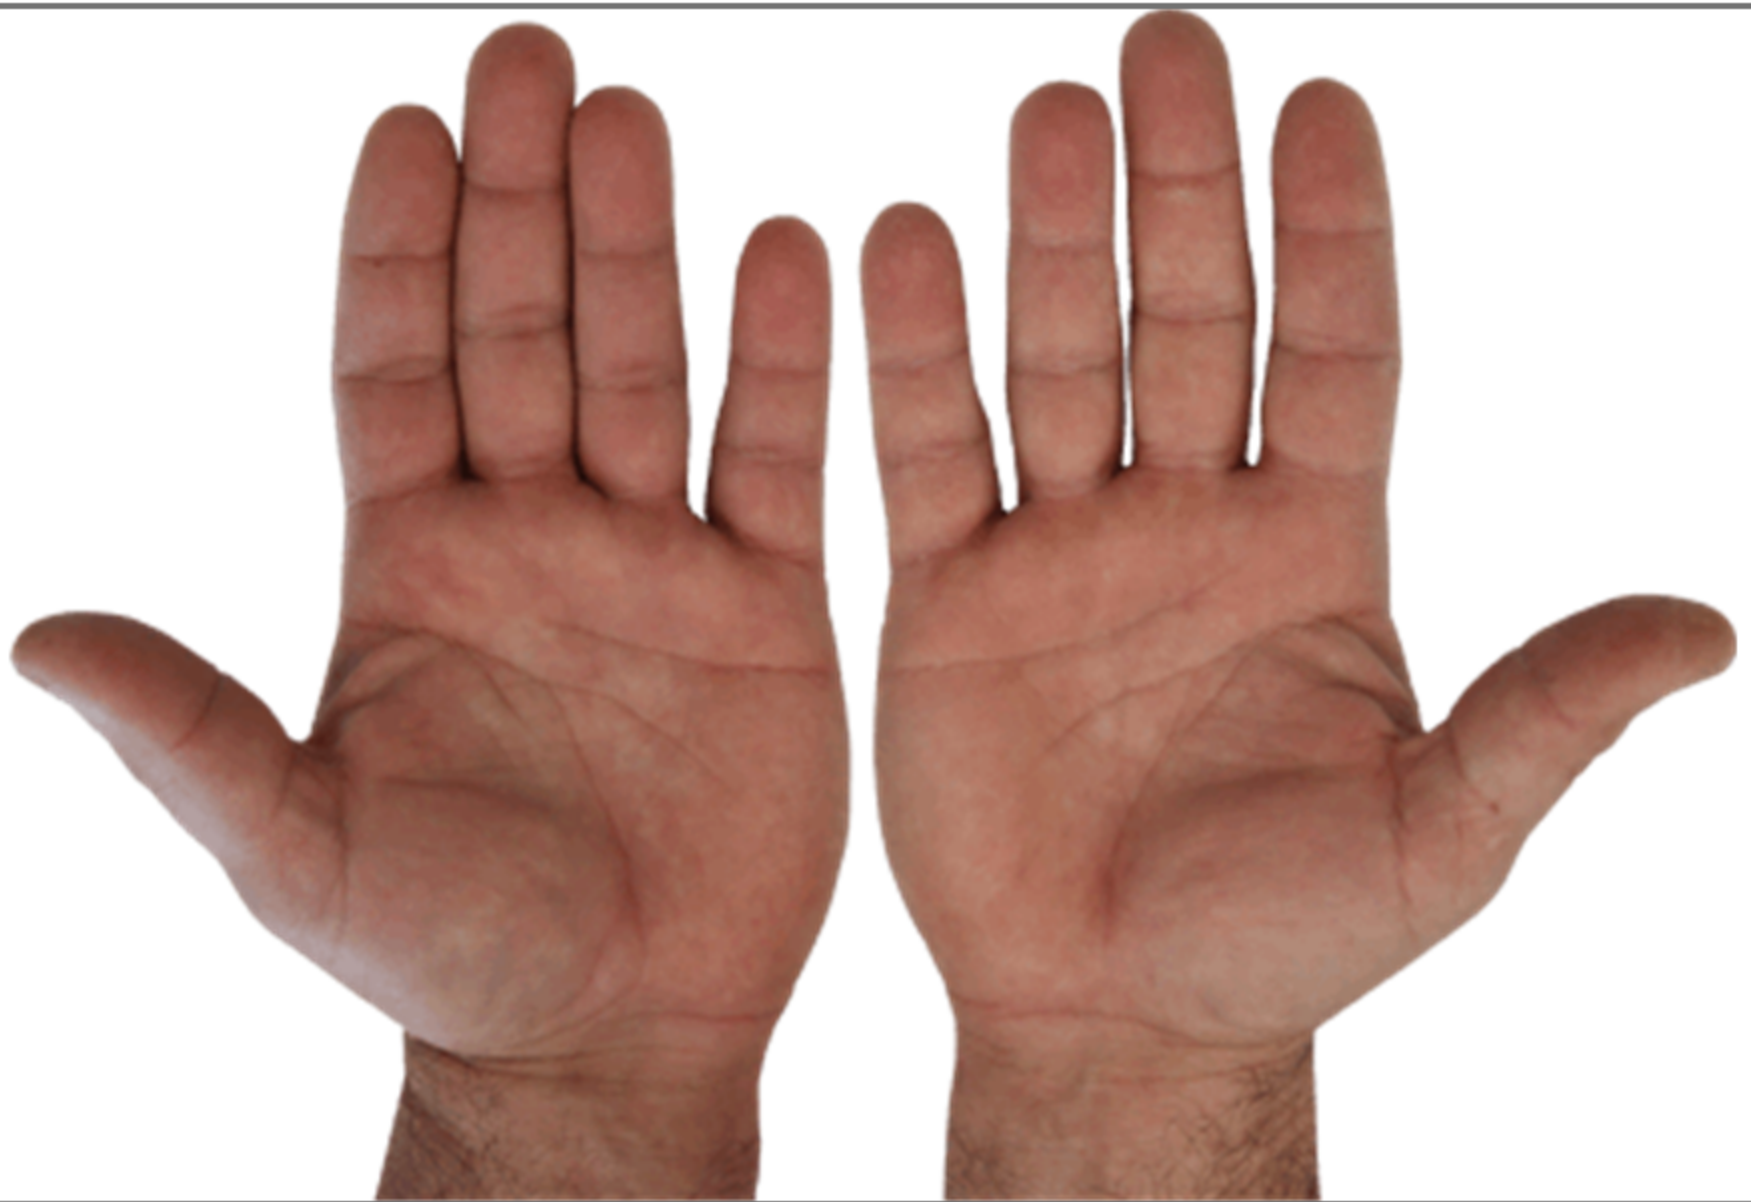

**I need to wash my hands A LOT so that I can stay healthy.**

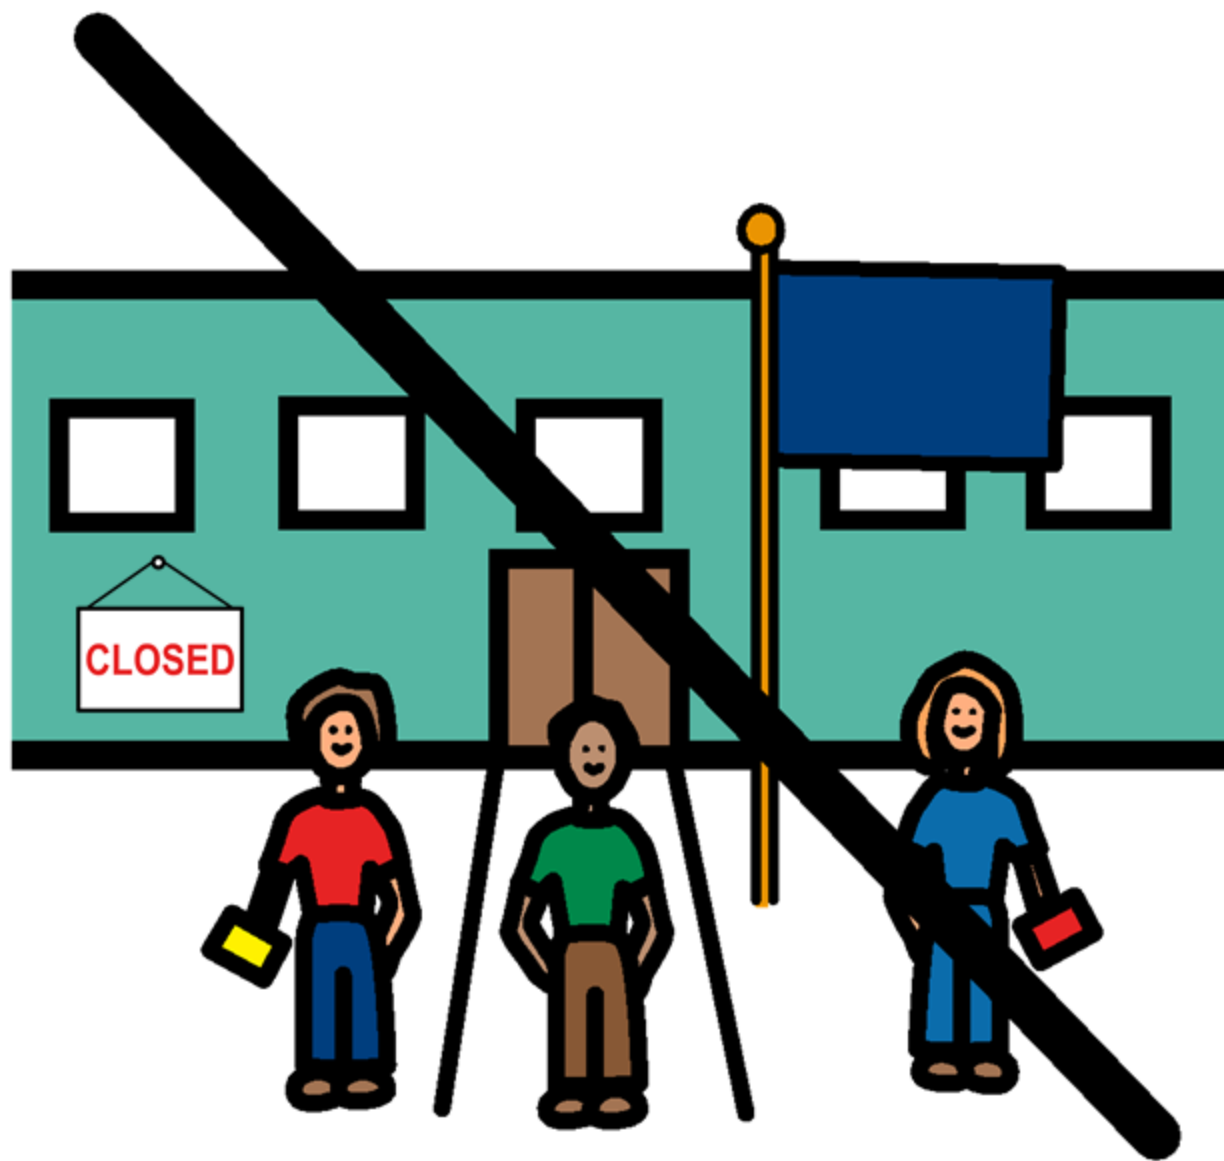

**When I wash my hands, I can sing "Happy Birthday," or  
count to 20!**

**This will make sure my hands are clean and I stay healthy.**

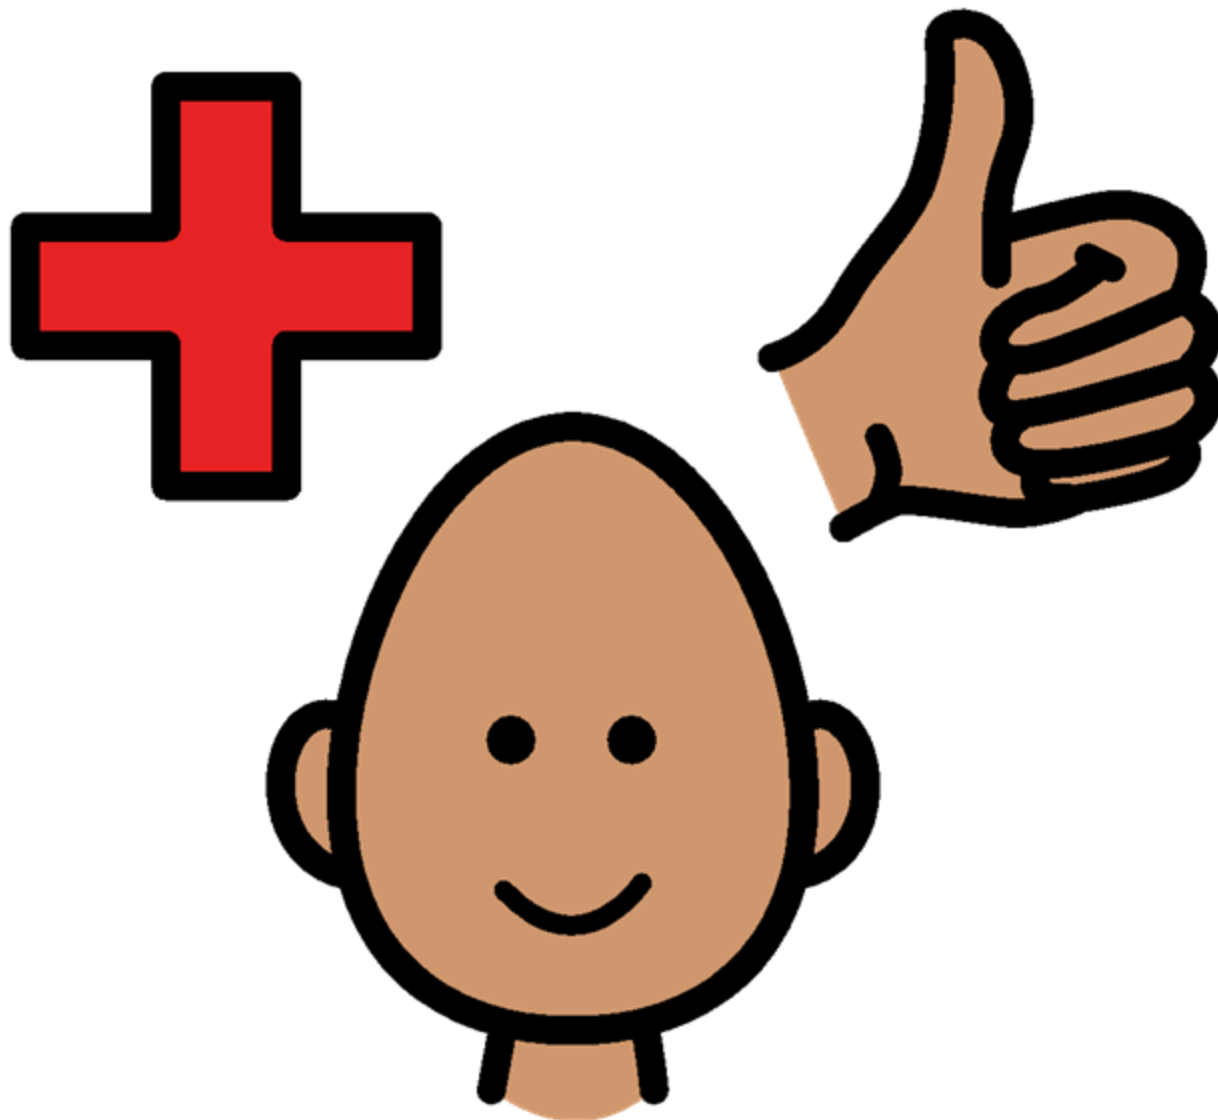

**Sometimes, so many people get sick that my school might need to close.**

**If my school closes, they will clean it to get rid of all the germs!**

**While they are cleaning my school, I will stay at home.**

**I will stay safe and healthy at home.**

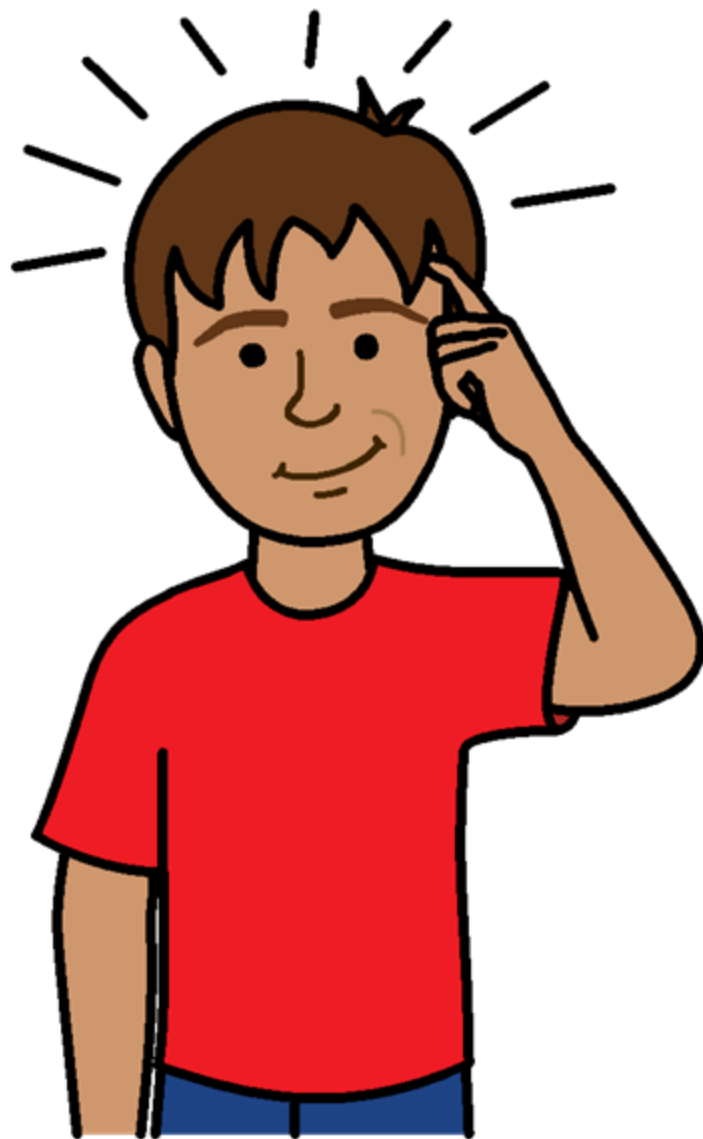

**I will do fun things at home!**

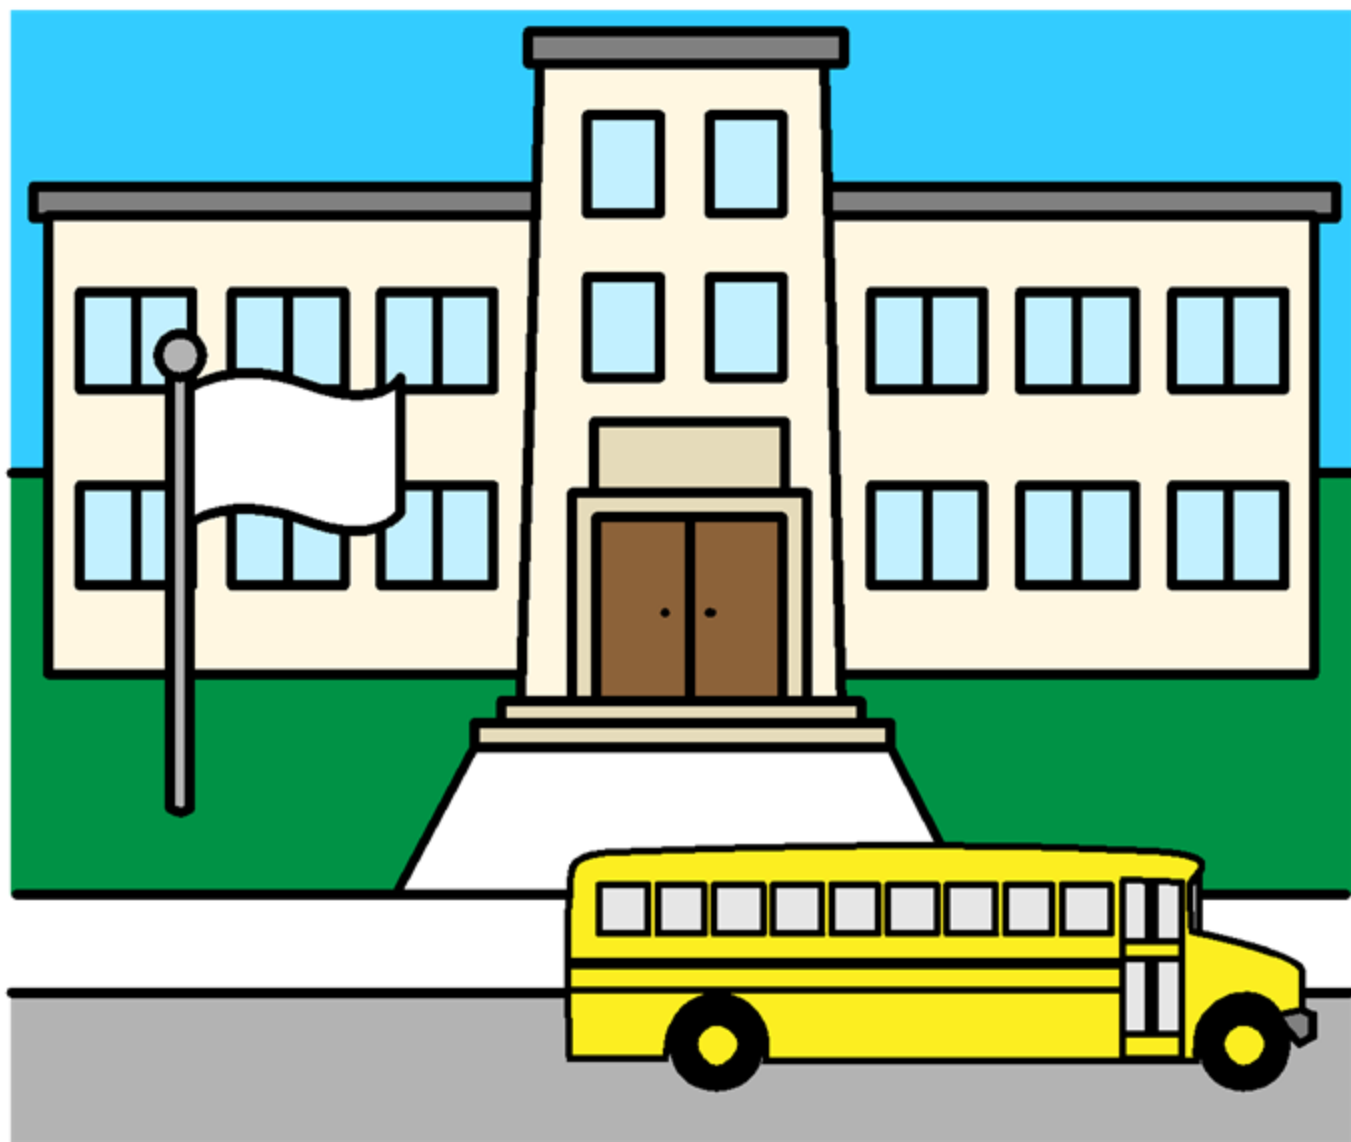

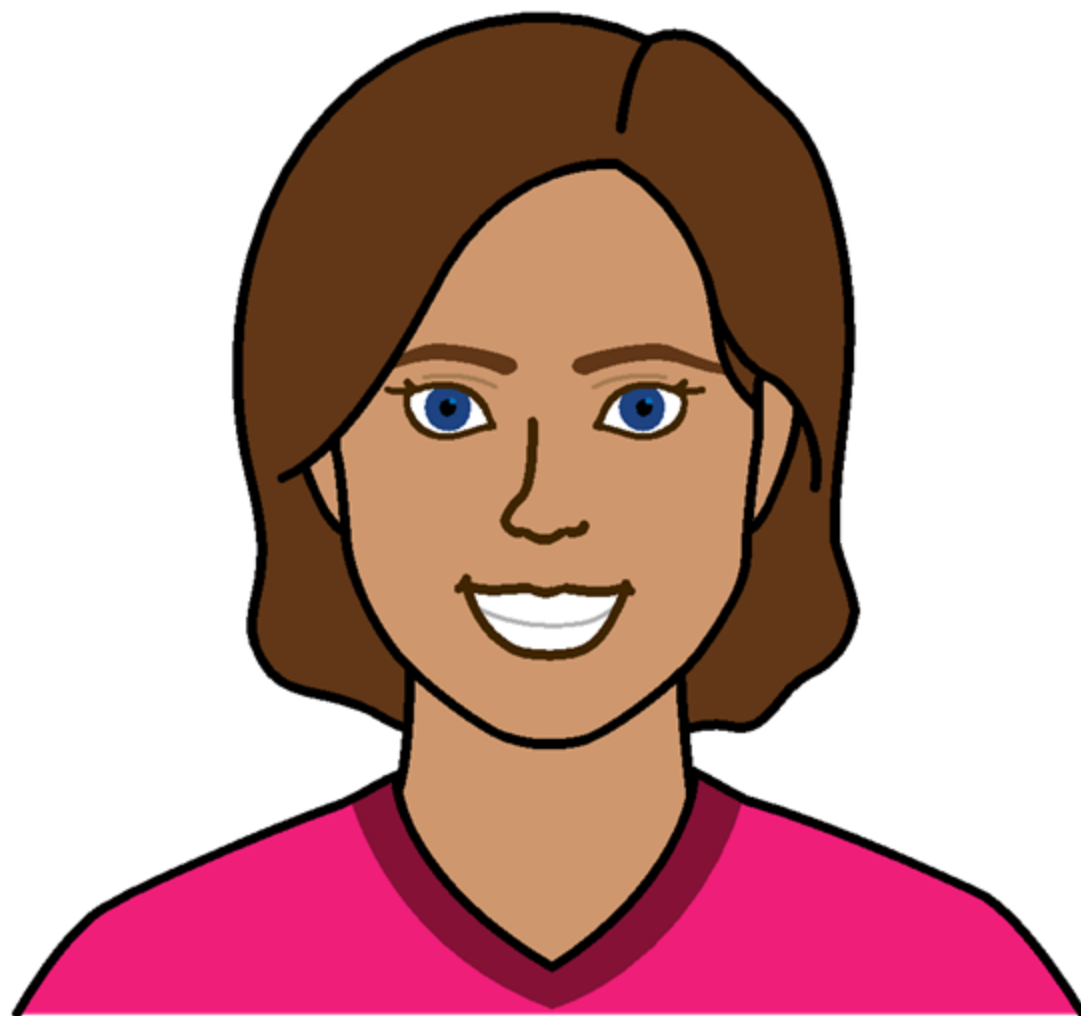

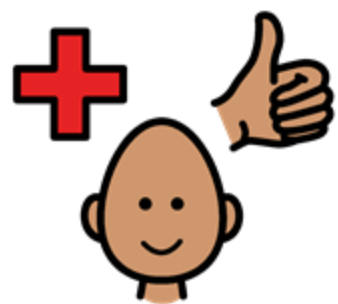

**My teacher might have sent me some things to work on while school is closed.**

**This will keep my brain working hard!**

**I will go back to school soon.**

**My parents and teachers want me to stay happy,  
healthy, and safe.**

**THE END**
